**BAF Shaheen College Kurmitola**
2020 – 2021 | Science Background

### Secondary School Certificate (SSC)
**Monipur High School, Dhaka**
2019 | GPA: 5.00 / 5.00

## LANGUAGES

**Bengali:** Native / Advanced
**English:** Professional Working
**Hindi & Urdu:** Elementary

## PROFESSIONAL SUMMARY

Motivated Information & Communication Technology (ICT) undergraduate with strong fundamentals in software engineering, OOP, and system design. Experienced in building mobile applications and custom management systems using Java, C++, and database technologies. Proven track record of leadership, structured communication, and mentoring as a Teaching Assistant. Seeking opportunities to contribute technical skills to scalable software solutions.

## KEY PROJECTS

### Univo – All-in-One Student Management Platform
**Java / Mobile & Classroom Management System**

- Architected a comprehensive productivity suite integrating online classroom workflows, attendance tracking, and course management.
- Designed module systems for digitized assignment submissions, shared study repositories, and automated student financial tracking.

### WhatsApp Clone Mobile Application
**Android Studio / Java / Firebase**

- Developed a real-time instant messaging application featuring secure user authentication and chat interface.
- Implemented background message synchronization, media delivery, and responsive mobile UI components.

### Bus Timing & Transport Management System
**C++ / Database Management Systems**

- Engineered a centralized route schedule calculator and passenger management application.
- Implemented efficient data structure operations to process real-time updates and departure status queries for admins and passengers.

### Bantr – Student Communication Hub
**Social Networking Application**

- Designed a peer-to-peer campus networking platform focusing on secure student interactions, discussion boards, and community channels.

## EXPERIENCE & MENTORSHIP

### Teaching Assistant
06/2025 – Present
**Private Academic Tutoring | Tangail**

- Deliver targeted 1-on-1 and small group computer science & mathematics instruction to elevate student mastery.

### Teaching Assistant & Instructional Support
02/2025 – 12/2025
**Rofik Raju Academy | Tangail**

- Assisted in curriculum structuring, exam preparation, and instructional material design for STEM subjects.
